Please answer to the following questions using full sentences. Good luck. Vastaa kaikkiin neljään kysymykseen. Käytä vastauksissasi kokonaisia virkkeitä. Menestystä.

Question 1: Please describe how historical events (such as stock market crash 1929, theoretical advances in economics and finance in 1960s and market meltdown 2007-2008) have affected to the development of financial accounting and reporting and the use of historical costs and/or fair values in financial statements. (Scott, lectures)

Question 2: What is meant by conditional and unconditional conservatism in accounting? Please explain which four predictions Basu (1997) made related to earnings timeliness and earnings persistence in reporting of bad and good news caused by conditional conservatism in earnings. What does Basu find out?

Question 3: Let's imagine that you must construct a research design to answer whether investor sophistication is related to the magnitude of post-earnings-announcement drift (PEAD).

- a) Explain what does the PEAD mean?
- b) Does the existence of PEAD favour the use of information perspective or measurement perspective in financial accounting? Please explain.
- c) In order to answer to the question please provide relevant hypotheses and formulate briefly a testable model. If you wish, you may use Bartov, Radhakrishnan and Krinsky's (2000) study methodology.

Question 4: Please describe the role of financial accounting information in efficient contracting. Please provide research findings whether managers use their discretion opportunistically or efficiently when preparing financial reports.
